

The Pic-n-Mix Monsters®

We have one job to do and that is to teach kids what goes into a healthy meal; a fruit and vegetable.

Lunch Kit: Includes lunch bag, 3 containers, fork, spoon, icepack

Container Sets: Bok, Cheri and Fuji

Build your own monster while learning what goes into a healthy meal! Our heads are jammed with fruit, our bellies hold the entrée and our feet are packed with veggies. There is even a dipping place for vegetables. Children can mix and match heads, bodies and feet **while they learn that a fruit and a vegetable goes with each meal.** This lunchbox set is of the highest quality, manufactured in partnership with MEDport LLC, the makers of Fit'N'Fresh™ containers. They are BPA, lead and PVC free as well as being FDA food grade quality. Available for sale on <http://www.buildhealthykids.com/store.html>

Pic-n-Mix Monsters® Containers Fruit & Veggie School Fundraiser

Instead of children selling candy bars or cookies as a school fundraiser, they sell the Pic-n-Mix Monsters® lunch kit. It is a win-win-win situation for everyone. The child learns how to build a healthy meal by using the Pic-n-Mix Monsters® lunch kit. The school earns money from for the sale of every lunch and container set and some of the proceeds go to Chefs for Humanity too.
